11. **CONFIDENTIALITY.**

11.1 **Confidential Information**. "**Confidential Information**" means any and all non-public technical and non-technical information disclosed by one party (the "**Disclosing Party**") to the other party (the "**Receiving Party**") in any form or medium, whether oral, written, graphical or electronic, pursuant to these Terms, that is marked confidential and proprietary, or that the Disclosing Party identifies as confidential and proprietary, or that by the nature of the circumstances surrounding the disclosure or receipt ought to be treated as confidential and proprietary information, including but not limited to: (a) techniques, sketches, drawings, models, inventions

(whether or not patented or patentable), know-how, processes, apparatus, formulae, equipment, algorithms, software programs, software source documents, APIs, and other creative works (whether or not copyrighted or copyrightable); (b) information concerning research, experimental work, development, design details and specifications, engineering, financial information, procurement requirements, purchasing, manufacturing, customer lists, business forecasts, sales and merchandising and marketing plans and information; (c) proprietary or confidential information of any third party who may disclose such information to Disclosing Party or Receiving Party in the course of Disclosing Party's business; and (d) the terms of these Terms and any Order or Statement of Work. Confidential Information of super.AI shall include the Platform, the documentation, the pricing, and the terms and conditions of this agreement. Confidential Information also includes all summaries and abstracts of Confidential Information.

11.2 **Non-Disclosure.** Each party acknowledges that in the course of the performance of these Terms, it may obtain the Confidential Information of the other party. The Receiving Party shall, at all times, both during the Term and thereafter, keep in confidence and trust all of the Disclosing Party's Confidential Information received by it. The Receiving Party shall not use the Confidential Information of the Disclosing Party other than as necessary to fulfill the Receiving Party's obligations or to exercise the Receiving Party's rights under these Terms. Each party agrees to secure and protect the other party's Confidential Information with the same degree of care and in a manner consistent with the maintenance of such party's own Confidential Information (but in no event less than reasonable care), and to take appropriate action by instruction or agreement with its employees, contractors or other agents who are permitted access to the other party's Confidential Information to satisfy its obligations under this Section. The Receiving Party shall not disclose Confidential Information of the Disclosing Party to any person or entity other than its officers, employees, contractors and agents who need access to such Confidential Information in order to effect the intent of these Terms and who are subject to confidentiality obligations at least as stringent as the obligations set forth in these Terms.

Nothing in these Terms shall prevent the Receiving Party from disclosing Confidential Information to the extent the Receiving Party is legally compelled to do so by any governmental investigative or judicial agency pursuant to proceedings over which such agency has jurisdiction; provided, however, that prior to any such disclosure, the Receiving Party shall (x) assert the confidential nature of the Confidential Information to the agency; (y) immediately notify the Disclosing Party in writing of the agency's order or request to disclose; and (z) cooperate fully with the Disclosing Party in protecting against any such disclosure and in obtaining a protective order narrowing the scope of the compelled disclosure and protecting its confidentiality.

11.4 **Injunctive Relief.** The Parties agree that any unauthorized disclosure of Confidential Information may cause immediate and irreparable injury to the Disclosing Party and that, in the event of such breach, the Receiving Party will be entitled, in addition to any other available remedies, to seek immediate injunctive and other equitable relief, without bond and without the necessity of showing actual monetary damages.

As between super.AI and Customer, Customer is solely responsible for the accuracy, quality, integrity, legality, reliability, and appropriateness of all Customer Content and the Results obtained through the use of such Customer Content.

12.5 **Further Assurances.** To the extent any of the rights, title and interest in and to Feedback or super.AI Developments or Intellectual Property Rights therein cannot be assigned by Customer to super.AI, Customer hereby grants to super.AI an exclusive, royalty-free, transferable, irrevocable, worldwide, fully paid-up license (with rights to sublicense through multiple tiers of sublicensees) to fully use, practice and exploit those non-assignable rights, title and interest. If the foregoing assignment and license are not enforceable, Customer agrees to waive and never assert against super.AI those non-assignable and non-licensable rights, title and interest. Customer agrees to execute any documents or take any actions as may reasonably be necessary, or as super.AI may reasonably request, to perfect ownership of the Feedback and super.AI Developments.
